SUBJECT AND AUTHOR INDEX TO VOLUME 14 (1969)

Advantages and Limitations of Ultrasonic Drug Nebulizers, Boucher, R.M.G., October, page 59.
American College of Chest Physicians Committee on Inhalation Therapy and Mechanical Aids to Respiration, **Guidelines for Organization and Function of a Hospital Department of Inhalation Therapy,** Editorial Comment, December, page 83.
Atkins, John, **Hand Cleanser Dispenser Mounted on Respirators,** in New Ideas and Modifications, October, page 76.

Boucher, R. M. G., **Advantages and Limitations of Ultrasonic Drug Nebulizers,** October, page 59.
Brown, Joseph W., see Rattenborg, Christen C.
Burns, Henry L., **A Pure Fluid Cycling Valve for Use in Breathing Equipment,** April, page 11.

Calibrating the Pressure Relief Valve of the Hope Resuscitator, Jackson, Richard B., Soucey, Daniel R., and Rokowski, Wilfred, in New Ideas and Modifications, April, page 21.
Cassara, E. L., see Leone, M.
Chronic Obstructive Lung Disease Screening Test, Fischer, Stanton P., and Jenkins, Daniel E., February, page 1.
Cigarettes and Respiratory Disease, Fletcher, C. M., August, page 45.
Controlled Oxygen Administration with Adequate Humidification, Durham, Marshall, Jr., and Miller, William F., December, page 87.
Creighton, William E., **What Administration Expects of Inhalation Therapy,** Editorial Comment, June, page 27.

A Disposable Ventilator Adapter, Rattenborg, Christen C., and Brown, Joseph W., in New Ideas and Modifications, June, page 34.
Durham, Marshall, Jr., and Miller, William F., **Controlled Oxygen Administration with Adequate Humidification,** December, page 87.
Durham, Marshall, Jr., see Martin, Jay Cy.

Fischer, Stanton P., and Jenkins, Daniel E., **Chronic Obstructive Lung Disease Screening Test,** February, page 1.
Fletcher, C. M., **Cigarettes and Respiratory Disease,** August, page 45.
Fredrickson, Donald T., **How to Help Your Patient Stop Smoking,** August, page 51.

Guiets, Carlos F., **A Method of Drying Inhalation Therapy Equipment,** in New Ideas and Modifications, June, page 32.
Guidelines for Organization and Function of a Hospital Department of Inhalation Therapy, The American College of Chest Physicians Committee on Inhalation Therapy and Mechanical Aids to Respiration, Editorial Comment, December, page 83.

Hand Cleanser Dispenser Mounted on Respirators, Atkins, John, in New Ideas and Modifications, October, page 76.
Harshman, Robert, see Mack, Roger.
The Health Professional and His Multiple Responsibilities, Terry, Luther L., Editorial Comment, August, page 39.
Home Care for Pulmonary Diseases, Leone, M., Cassara, E. L., and Stein, Myron, June, page 29.

How to Help Your Patient Stop Smoking, Fredrickson, Donald T., August, page 51.

IPPB Protective Shield, Wolkens, Mary, in New Ideas and Modifications, February, page 7.

Jackson, Richard B., Soucey, Daniel R., and Rokowski, Wilfred J., **Calibrating the Pressure Relief Valve of the Hope Resuscitator,** in New Ideas and Modifications, April, page 21.
Jenkins, Daniel E., see Fischer, Stanton P.

Kittredge, Philip, **Safety Modification of a Hand Resuscitator,** in New Ideas and Modifications, February, page 6.

Leone, M., Cassara, E. L., and Stein, Myron, **Home Care for Pulmonary Diseases,** June, page 29.

Mack, Roger, Simpson, Walter, and Harshman, Robert, **Self-Leveling Liquid Volume Control System for Inline Nebulizer,** in New Ideas and Modifications, February, page 5.
Martin, Jay Cy, Durham, Marshall, Jr., and Miller, William F., **Modification and Evaluation of an Expired Tidal Volume Alarm System,** October, page 69.
Martin, Jay Cy, and Miller, William F., **A Remote Control Switch for Spirometry,** in New Ideas and Modifications, October, page 74.
Massferrer, Ray, **The Role of Patient Instruction in Improving IPPB Treatments,** April, page 17.
Method for Monitoring Oxygen Concentrations During Mechanical Ventilation, Schulz, Jimmy D., in New Ideas and Modifications, April, page 20.
A Method of Drying Inhalation Therapy Equipment, Guiets, Carlos F., in New Ideas and Modifications, June, page 32.
Miller, William F., see Durham, Marshall, Jr.
Miller, William F., see Martin, Jay Cy.
Modification and Evaluation of an Expired Tidal Volume Alarm System, Martin, Jay Cy, Durham, Marshall, Jr., and Miller, William F., October, page 69.
Moore, Robert E., **Slip Proof Connection,** in New Ideas and Modifications, June, page 33.
Moore, Robert E., **Wright Respirometer—Use with Exhalation Retard,** in New Ideas and Modifications, February, page 8.

Nelson, Ellan J., **A Prosthesis for Tracheostomy Stomas,** December, page 91.
Nett, Louise M., see Petty, Thomas L.

Petty, Thomas L., Nett, Louise M., and Schmader, Ronald D., **A Simple Ventilator Warning Device,** October, page 67.
A Prosthesis for Tracheostomy Stomas, Nelson, Ellan J., December, page 91.
A Pure Fluid Cycling Valve for Use in Breathing Equipment, Burns, Henry L., April, page 11.

Rattenborg, Christen C., Brown, Joseph W., **A Disposable Ventilator Adapter,** in New Ideas and Modifications, June, page 34.
A Remote Control Switch for Spirometry, Martin, Jay Cy, and Miller, William F., in New Ideas and Modifications, October, page 74.
Rokowski, Wilfred J., see Jackson, Richard B.
The Role of Patient Instruction in Improving IPPB Treatments, Masferrer, Ray, April, page 17.

Safety Modification of a Hand Resuscitator, Kittredge, Philip, in New Ideas and Modifications, February, page 6.
Schmader, Ronald D., see Petty, Thomas L.
Schulz, Jimmy D., **Method for Monitoring Oxygen Concentrations during Mechanical Ventilation,** in New Ideas and Modifications, April, page 20.

Self-Leveling Liquid Volume Control System for Inline Nebulizer, Mack, Roger, Simpson, Walter, and Harshman, Robert, in New Ideas and Modifications, February, page 5.
A Simple Ventilator Warning Device, Petty, Thomas L., Nett, Louise M., and Schmader, Ronald D., October, page 67.
Simpson, Walter, see Mack, Roger.
Slip Proof Connection, Moore, Robert E., in New Ideas and Modifications, June, page 33.
Soucey, Daniel R., see Jackson, Richard B.
Stein, Myron, see Leone, M.

Terry, Luther L., **The Health Professional and His Multiple Responsibilities,** Editorial Comment, August, page 39.

What Administration Expects of Inhalation Therapy, Creighton, William E., June, page 27.
Wolkens, Mary, **IPPB Protective Shield,** in New Ideas and Modifications, February, page 7.
Wright Respirometer—Use with Exhalation Retard, Moore, Robert E., in New Ideas and Modifications, February, page 8.

BOOKS REVIEWED

Advances in Cardiopulmonary Disease, Volume IV, reviewed by Thomas J. DeKornfeld, M.D., December, page 100.
The Allegric Asthmatic, reviewed by Orville C. Thomas, M.D., December, page 100.
Basic Techniques in Human Metabolism and Respiration, reviewed by David Holman, M.D., April, page 26.
Inhalation Therapy Procedure Manual, reviewed by Allan B. Saposnick, October, page 81.
Learning to Live Without Cigarettes, reviewed by Allan B. Saposnick, December, page 101.
The Lung, reviewed by William K. Hamilton, M.D., April, page 26.
Pulmonary Emphysema and Related Lung Diseases, reviewed by Marshall T. Metzgar, M.D., August, page 58.
Resuscitation, A Programmed Course, reviewed by Joel J. Nobel, M.D., October, page 82.
Scientific Writing, reviewed by Philip Kittredge, December, page 101.
The Surfactant System of the Lung, reviewed by Sami I. Said, M.D., June, page 37.
You and Your Emphysema, reviewed by LeRoy Misuraca, M.D., April, page 25.
